DETAILED USER GUIDE - EDUTRACK

This manual describes step-by-step how to use the various features of EduTrack.

1. The Dashboard

Once logged in, the dashboard presents a global summary: number of students, attendance rate, payments, etc. Use the left side menu to navigate between different modules.

2. Staff Management (Administrative, Teachers, Support)

How to add administrative staff (Director, Master, Bursar):

- 1. Go to the "Administration" > "Users" menu.
- 2. Click on the "Add a User" button.
- 3. Fill out the form with last name, first name, and email address.
- 4. Select the corresponding Role (DIRECTOR, CENSEUR, or INTENDANT).
- 5. Click "Save". The user will receive their login credentials via email.

How to add teachers:

- 1. Go to the "Pedagogy" > "Teachers" menu.
- 2. Click on "Add a teacher".
- 3. Fill in the personal information.
- 4. Assign them the classes and subjects they teach.

How to add support staff (guards, maintenance agents):

- 1. Log in with a Bursar account and go to "Human Resources".
- 2. Go to "Employees" > "New Contract".
- 3. Enter the position (e.g., Maintenance Agent), salary, and submit.

3. Student Management

How to add a student individually:

- 1. Go to "Administration" > "Students".
- 2. Click on the "Add a student" button.
- 3. Fill out the form (Name, Date of Birth, Gender, Assigned Class).
- 4. Click "Submit". The student automatically receives an ID number.

How to add students through an Excel file (bulk import):

- 1. In the student list, click on the "Import Excel" button.
- 2. Download the template file provided by the system.
- 3. Fill out the Excel file with your student list (Name, First Name, Gender, Class).
- 4. Click "Browse", select your completed file, then click "Import".

4. Parent Management

How to link a parent to a student:

- 1. Go to "Administration" > "Parents".
- 2. Add a new parent (Name, Phone, Email) or select an existing parent.

- 3. On the parent's profile, click the "Link a child" button.
- 4. Search for the student by their name or ID and confirm the relationship.
- 5. The parent will now be able to see this student's grades and absences from the parent portal.

5. Pedagogy and Grades

How to take attendance in class (Teachers):

- 1. From the Teacher portal, click on the current class in the timetable.
- 2. The student list appears. Uncheck those who are absent.
- 3. Submit the roll call. Parents receive a notification.

How to enter and publish grades:

- 1. Go to "Pedagogy" > "Evaluations".
- 2. Choose the class and subject.
- 3. Enter the grades in the table. You can save as a "Draft".
- 4. Once verified, click "Publish" to integrate them into the report card.

6. Accounting and OHADA Plan

How to record a tuition payment:

- 1. Go to "Finances" > "Payments" (Bursar Portal).
- 2. Search for the student and select the installment to be paid.
- 3. Validate the payment. The system automatically generates a receipt and the accounting entry.

How to generate the OHADA trial balance and general ledger:

- 1. Go to "Accounting" > "Reports".
- 2. Click on "Generate Trial Balance".
- 3. The document displays all accounts with their Debit/Credit balances and can be exported as a PDF.
